

Members' Day - Help us make it better

13/06/06

Story by Ben

Most of us remember last year's "Members' Day" at Highbury and a fair few of us had a right old moan up that despite the hype, it was nothing more than a training session half-dressed up for the fans.

This year, the club have asked REDaction to ask YOU - the fans - what you'd like to have happen for this Members' Day with a view to making the day more interactive for us. So if you've got some sensible, practical ideas for an event or feature for the fans this year, drop us an email at redaction@btinternet.com.

We'll put forward the best ideas and the club will try to make them happen. It's our day and the first time some of us will see our new stadium so mark this special occasion with an idea.
